great wines from the world's greatest houses

champagne gardet — france

Founded in 1895, Charles Gardet built a winery—and brand—dedicated to producing Champagnes of the finest quality. Still family owned and operated, today it is the Prieux family who continues to celebrate and pursue this focused dedication. Their philosophy embraces a careful balance between their deep and abiding respect for tradition; and, only as it enhances product quality, remains open to innovation and modern technology.
