great wines from the world's greatest houses

lorgeril — france, languedoc-roussillon

Situated in the Mediterranean area of southern France, Maison Lorgeril has been a Languedoc mainstay since 1620. The Lorgeril L'Orangerie range represents fresh and elegant wines from terroirs set at altitudes that offer superb growing conditions. While the L'Orangerie grape varieties have been selected to produce young and modern wines, their production philosophy and winemaking is anything but. Maison Lorgeril enjoys a rich, nearly 400-year history that is steeped in tradition.

l'orangerie rosé pays d'oc

L'Orangerie has a delicate nose characterized by floral notes and small, red berries. The palate is intense—both round and lively. This aromatic beauty is refreshing, making it an ideal apéritif. It's also right at home with salads, picnics, and lazy, Sunday brunches.

50% Cinsault, 20% Merlot, 15% Grenache & 15% Syrah
