mas des bressades — france, rhône valley

Mas des Bressades is one of the most famous estates of the southern Rhône Valley. And it's in winemaker Cyril Marès' blood: winemaking has been an art form and a family tradition for centuries—making Cyril the 5th generation in the Marès family legacy. Today, Mas des Bressades continues to succeed as one of Ontario's favourite southern-France producers with their Cuvée Tradition wines delivering exceptional value.

cuvée tradition rosé costières de nîmes 2018

This classic, bracing, Mediterranean Rosé, made by the *Saignée Method* (endowing it with its brilliant, deep, salmon colour) and fermented in stainless steel, delivers on every front. From its vibrant acidity; white pepper; and bright, berry fruit, to its fresh, well structured finish—it remains one of Ontario's top-selling Rosés at **VINTAGES**
