great wines from the world's greatest houses

cline family cellars — california

A true leader in sustainability, Cline sets the bar high. With farming methods that enhance biodiversity and minimize pollution, Cline also uses 2,000+ sheep and goats to weed their vineyards (the non-picky eaters clean the vines). Cline composts and renews its organic waste and converts it to food for the vines. They use strictly solar energy to provide 100% of their electricity (reducing 690,000 lbs. yearly of noxious greenhouse gases). With this kind of focus, you can only imagine their commitment to the wine. Crafted by combining timeless techniques and modern technology that work in concert with each varietal, Cline utilizes thoughtful wine growing, gentle handling, attentive sorting, and meticulous blending to achieve wines of great flavor at a great price.

old vine zinfandel lodi

A varietally correct, young Zinfandel with rich, berry fruit, black cherry, vanilla, and spice, shows through a strong backbone of oak, acidity, and supple tannin. Cline's Zin shows very impressive complexity and character, distinguishing it from most others in its segment. Ready now, and will continue to develop complexity over the next 3 to 4 years. Pair with charcuterie, BBQ, grilled steak, and hearty vegetables.

P7: \$2.50 LTO
LCBO General List
489278
