bodegas muga — spain

Founded in 1932 and still family owned, Bodegas Muga is one of the classic estates of the region. Focused mainly on Rioja-styled wines endowed with finesse and elegance, Muga is one of the few wineries in the world that has its own cooperage.

rioja reserva 2014

“The Muga family thinks the rains of 2014 benefited many of their vineyards...So, they are really happy with their 2014 Reserva, the flagship bottling which delivers the Muga style and the typicity of the Rioja Alta at a very attractive price and with good availability...matured in barriques for two winters and was bottled in its third year. It has the telltale aromas of spices and berry fruit, with the Muga signature and a medium-bodied palate with some dusty tannins that would welcome food.” 91 pts —LG, Robert Parker’s *The Wine Advocate*
